A very warm welcome to you and to your staff from all the team here at Sonik Sports, in both the UK and Europe. We hope you will find the following pages of the Sonik 2024 trade catalogue full of products that will benefit and build your business further.

At Sonik we pride ourselves on designing products that meet the needs and demands of anglers from all walks of life. Sonik products are fished with all over the world. Our product range offers confidence in a brand that will not fail and is backed by exceptional value. It has helped and continues to help anglers to achieve their angling goals wherever they fish.

From our UK head office and warehouses in the UK and Czech Republic, to product design, customer service, sales team, marketing and management... we are all here to help you, our valued customer. So, please enjoy the 2024 trade catalogue and remember that we are only a phone call or email away, so please, feel free to get in touch!

From all of us here at Sonik Sports we wish you, your family and your team, the very best for 2024 and beyond. We look forward to keeping you ahead of the curve.

VADERX RS CARP ROD RANGE

Evolved and refined version of our award winning VADERX carp rods. Now with a sleek black armoured blank finish. Guides are updated to super-light M-SERIES which gives the rod tip phenomenal recovery speed for even better crisp and accurate casting. They still have the elegant VADERX look with a subtle red tipping that adds a touch of class.

- > Slim, lightweight sleek black armoured carbon blank
- Progressive casting action with superfast tip recovery
- Super-light M-SERIES DL black guides
- Hard wearing anti-frap ceramic tip ring
- > Fold friendly ringing pattern
- 17mm black DPS reel seat to house all big pit reels
- Line friendly custom contoured Sonik line clip
- Slim Japanese shrink wrap butt grip
- Black anodised butt cap laser etched with 'S' logo

The SK-47 range of carp rods are truly outstanding in both performance and price point. Designed to cover many different applications in carp fishing, these are an out-and-out work horse of a rod. From close-quarter-battles to long distance casting, the blank is exceptionally powerful, yet forgiving at close range. Aesthetically pleasing to the eye with a classy Axial armoured-carbon finish and fitted with super-light M Series DL black guides, the SK-47 has been built utilising high modulus carbons. Other features include anti-frap tip ring, slim Japanese shrink wrap handle and a line friendly custom contoured Sonik line clip. There are 50mm guides on all models except for the 10ft versions. The range offers two 10ft models covering 3-3.5lbtc, three 12ft models from 3lb to 3.5lbtc a 13ft 3.5lb model and a 12ft Spod/Marker rod to match.

- > Super slim
- > Powerful high modulus carbon blank
- > Multi-directional tip section carbon lay-up for increased accuracy
- > 2K-Axial armoured-carbon finish
- > Powerful casting action with superfast tip recovery
- > Super-light M-SERIES DL black guides
- > Hard wearing anti-frap ceramic tip ring
- > 40mm guide pattern on 10ft (3.04m) models
- > 50mm guide pattern on all other models
- > 17mm black DPS reel seat to house all big pit reels
- > Line friendly custom contoured Sonik clip
- > Slim Japanese shrink wrap butt grip
- > Black anodised butt cap laser etched with 'S' logo

GRAVITY CARP ROD RANGE

NEW

Leading on from the successes of our original Gravity carp rods, the team at Sonik have developed something truly special with the NEW Gravity! Months of testing and precision design techniques have led to a rod capable of extreme distance casting. The high modulus, low resin carbon blank allows for an extra powerful casting action and features a superfast tip recovery! In addition the handle features an Anti-Torsion-Core, providing more power for casting without compromising the action of the rod blank. The blank has been fitted with ultra-light Seaguide TDG PVD coated DL black guides which further aid the casting ability of this rod...in the right hands the sky's the limit! Finished with a sleek, semi-matt armoured carbon and a slim Japanese shrink wrap handle the Gravity is in a class of its own. Other features include seamless weld anti-frap tip guide and a DPS 17mm reel seat which will compliment most modern-day big pit reels. All models with the exception of the two 10ft versions carry 50mm guides. There are two 10ft models 3lb-3.5lb, three 12ft versions 3lb, 3.25lb and 3.5lbtc and a 13ft 3.75lb for the out-and-out distance seeker. There is also a dedicated 12ft Spod/Marker rod available.

- > High modulus low-resin carbon blank
- > Multi-directional tip section carbon lay-up
- > Extra powerful casting action with superfast tip recovery
- > Anti-Torsion-Core (ATC) handle construction
- > Sleek semi-matte armoured-carbon finish
- > Ultra-lite SEAGUIDE TDG PVD coated DL black guides
- > Seamless-weld anti-frap ceramic tip ring
- > 40mm guide pattern on 10ft (3.04m) models
- > 50mm guide pattern on all other models
- > 17mm black DPS reel seat to house all big pit reels
- > Slim Japanese shrink wrap butt grip
- > Black anodised butt cap laser etched with 'S' logo

With the increase in popularity of short, semi-telescopic carp rods, the XTRACTOR range fills a gap in the market for affordable top-quality rods that are easy to transport due to their short pack down lengths.

The range comprises one 6' model, two 9' models and two 10' models with test curves ranging from 2.75lb to 3.5lb make up the range, with pack down lengths of 44" and 50".

The super-slim matt black, part-telescopic carbon fibre blanks have plenty of reserve power in the butt section and a fast tip recovery to give surprising performance whether casting or playing large fish close in or at range.

Lightweight black M-Series DL guides with anti-frap tip, 17mm DPS reel seat, Japanese shrink wrap handle, custom line clip and a black anodised butt cap, laser etched with 'S' logo completes a top-quality specification. Idealy matched with the custom Sonik Xtractor rod sleeves, which are available in 9' and 10' lengths and can be easily connected for safe, effective transportation.

- > Slim, silk matt black carbon fibre blank with progressive power action
- > Super-light M-SERIES DL black guides
- > Hard wearing anti-frap ceramic tip ring
- > Large ID 40mm to 12mm ringing pattern
- > Black 17mm DPS reel seat
- > Line friendly custom contoured Sonik line clip
- > Slim Japanese shrink rubber handle
- > Black anodised butt cap laser etched with 'S' logo

XTRACTOR PRO CARP ROD RANGE

The XTRACTOR range has been expanded and further refined with the addition of the XTRACTOR PRO rod range, offering enhanced short rod performance. Refined actions and super quick tip recovery have been achieved, thanks to the ultra-high modulus Lite-Ply 1k carbon blank.

These retractable rods are perfect for those looking for top performance with actions that are a delight to use, especially when playing big and are built for the harshest of environments. There are both slim Japanese shrink and cork handle models in the range of 11 rods, covering nine and ten foot lengths. All models below 3.25tc carry a 40mm butt ring and 3.25lb and above carry a 50mm.

- > High Modulus Toray carbon blank
- > Lite-ply 1K armoured carbon weave throughout
- > 50mm guide pattern on 3.25lb models and above (40mm below)
- > Multi-directional tip section carbon lay-up
- > Super-light M-SERIES DL black guides with anti-frap tip
- > 18mm Black DPS reel seat
- > Slim Japanese shrink rubber handle
- > Black anodised butt cap laser etched with 'S' logo

The sleek matt black finish and rubberised handle grip just ooze class while the wormshaft gear system offers a smooth, unhindered operation at all times. The ultra-responsive Quick-Torque front drag can be tweaked to suit the control, as and when required.

Other features that benefit these awesome reels are the twin spring-loaded captive line clips, high strength graphite body and rotor, open bail rotor lock and a floating rotor line guard which eliminates the line slipping under the spool.

SK-TEK FOLDING CHAIR

The Sonik SK-TEK folding chairs are both super compact and comfortable. Decked out in the smart new SK-TEK camo pattern they are constructed from HD 600D PVC backed material with a tough powder coated steel and aluminium frame. They are quick to setup and adaptable to any terrain with adjustable leg length and swivel mud feet. Choose the standard model if you prefer a higher seating position and the compact model for lower. Both have comfortable foam-covered arm rests and come with a drawstring carry bag.

- > Quick and comfortable
- > HD 600D PVC backed SK-TEK camo material
- > Adjustable leg length and swivel mud feet
- > Non-slip foam covered arm rests
- > Supplied with drawstring carry bag

STORZ LUGGAGE

STORZ LUGGAGE

NEW

STORZ™ TABLETOP

The SONIK STORZ™ luggage brings a new concept to modular fishing kit storage. All of the STORZ™ range are designed to be modular and stackable but also rugged and built to last. They feature our new RIGIDZ™ internal steel frame that provides support so that these bags can stack on top of each other to create many different storage layout options. The range is split into two height and three length options.

All STORZ™ LOW products have a height of 22cm which is perfect for under bedchair storage. Heavy duty waterproof EVA bases and side grab handles make these bags ideal for sliding underneath your bedchair. It also makes them perfect for middle or top tier options when you want to stack your STORZ™ system.

The other STORZ™ models all have a height of 32cm; these are great for general all-round storage options and as base units for when you want a stacked storage unit. Lengths are split into three options of 20, 40 and 60cm which allow you to create all sorts of modular layout options. To complete the range are two tabletop products which are compatible with the 40 and 60cm sizes respectively. These are great for turning your STORZ™ system into a full bivvy table unit when required.

- > STORZ™ rugged, modular, easy access and stackable luggage system
- > RIGIDZ™ steel frame allows for a foldable and stackable design
- > Heavy duty waterproof moulded EVA base
- > Oversized No10 zips with easy grab pullers
- > Full side and top access
- > Two end mesh pockets and grab handles
- > Removable adjustable padded shoulder strap
- > Most models compatible with our STORZ™ Tabletop accessory products

SIZZLA MULTI-PAN

NEW

The SONIK SIZZLA range of cookware has been designed with ultimate adaptability, convenience and versatility in mind. The SIZZLA multi-pan is the perfect size for a wide variety of meals with its 30mm depth and wide rectangular profile which provides space to cook a whole host of different ingredients. It is also ultimately portable with a removable handle that features our super tough and secure T-Lock attachment system, which is low profile and allows the pan to be easily stored in even the most compact cook kit. Last but not least, the SONIK SIZZLA comes with a set of extremely useful muti-purpose tongs that are easy to store on the handle whilst cooking and can be separated into two independent cooking utensils when needed.

Transport Dimensions W230 x D225 x H35mm Assembled Dimensions W230 x D395 x H35mm Capacity 1.1ltr

- > Lightweight die-cast aluminium pan
- > Heavy duty fluoropolymer non-stick coating
- > Removable handle for easy storage
- > Super tough T-lock handle attachment system
- > Low profile hexagonal heat exchange base
- > Strengthened D-Hinge allows multiple pans to join together
- > Multi-utensil tongs included
- > Not suitable for use on induction hobs

SKU DESCRIPTION

UC0001 SONIK SIZZLA MULTI-PAN

SIZZLA MULTI-PAN SET

NEW

The SONIK SIZZLA Multi-pan Set is ideal for anyone who wants the most versatile sealed cooking system on the market. The SIZZLA multi-pan itself is the perfect size for a wide variety of meals with its 30mm depth and wide rectangular profile which provides space to cook a whole host of different ingredients. The second pan can be used as a lid which really opens up your options for cooking various dishes in a quick, clean and efficient manner. Deep fill toasted sandwiches are also no problem and you are only limited by your imagination. Of course, our strengthened D-Hinges allow you to separate the pans and have the option of a smooth or griddle pan cooking surface. The system is also extremely portable with removable handles that feature our super tough and secure T-Lock attachment system which is low profile and allows the pan set to be easily stored in a compact cook kit. Last but not least, the SONIK SIZZLA comes with a set of extremely useful muti-purpose tongs that are easy to store on the handles whilst cooking and can be separated into two independent cooking utensils when needed.

Transport Dimensions W230 x D225 x H70mm Assembled Dimensions W230 x D395 x H70mm Capacity 2 x 1.1ltr

- > Lightweight die-cast aluminium pans
- > Heavy duty fluoropolymer non-stick coating
- > One x griddle pan
- > One x smooth bottomed pan
- > Removable handles for easy storage
- > Super tough T-lock handle attachment system
- > Removable spring lock closer for easy transport
- > Low profile hexagonal heat exchange base
- > Strengthened D-Hinge allows multiple pans to join together
- > Multi-utensil tongs included
- > Not suitable for use on induction hobs

SKU DESCRIPTION

UC0002 SONIK SIZZLA MULTI-PAN SET

SIZZLA MULTI-PAN SET (DEEP)

NEW

The SONIK SIZZLA Multi-pan Set Deep has been designed to be the ultimate multi-purpose cooking solution and is ideal for anyone looking for the most versatile sealed cooking system on the market. The SIZZLA multi-pan itself is the lid for this system and can be detached via our strengthened D-Hinges to function as a separate pan. It is the perfect size for a wide variety of meals with its 30mm depth and wide rectangular profile which provides space to cook a whole host of different ingredients. The deep base pan has been designed to function as a multi-use saucepan and is the perfect size for pasta, rice, stew, curry or stir-fry dishes. Of course, the system can also be used with the lid in place and this really opens up your options for cooking various dishes in a quick, clean and efficient manner. The system is also extremely portable with removable handles that feature our super tough and secure T-Lock attachment system which is low profile and allows the pan set to be easily stored in a compact cook kit. Last but not least, the SONIK SIZZLA comes with a set of extremely useful muti-purpose tongs that are easy to store on the handles whilst cooking and can be separated into two independent cooking utensils when needed.

Transport Dimensions W230 x D225 x H118mm Assembled Dimensions W230 x D395 x H118mm Capacity 1.1 + 3.2 ltr

- > Lightweight die-cast aluminium pan
- > Heavy duty fluoropolymer non-stick coating
- > One x smooth bottomed frying pan
- > One x deeper saucepan
- Removable handles for easy storage
- > Super tough T-lock handle attachment system
- > Removable spring lock closer for easy transport
- > Low profile hexagonal heat exchange base
- > Strengthened D-Hinge allows multiple pans to join together
- > Multi-utensil tongs included

SIZZLA POS LOADED DEAL

NEW

The SONIK SIZZLA range of cookware has been designed with ultimate adaptability, convenience and versatility in mind. The SIZZLA Multi-Pan is the perfect size for a wide variety of meals with its 30mm depth and wide rectangular profile. It is also ultimately portable with a removable handle that features our super tough and secure T-Lock attachment system.

The Sonik Sizzla Multi-Pan Set features a second pan that also functions as a lid which really opens up your options for cooking various dishes in a quick, clean and efficient manner. Deep fill toasted sandwiches are also no problem and you are only limited by your

imagination. Of course, our strengthened D-Hinges allow you to separate the pans and have the option of a smooth or griddle pan cooking surface.

The Sonik Multi-Pan Deep has been designed to function as a multi-use saucepan and is the perfect size for Pasta, Rice, Stew, Curry or Stir-fry dishes. Again, you can use the lid as a separate pan or keep it place to offer a sealed clean and efficient cooking solution. All three pans in the range come with our unique multi-purpose separating tongs which offer four cooking utensils in one.

Order individually or buy 10 Multi-Pans, 10 Multi-Pan Sets and six Multi-Pan Deep and receive a FREE POS display unit!

ANGL-R COARSE

SONIK ANGL-R BARBEL RODS

The Angl-R barbel rods has been specifically designed for barbel fishing on rivers in the UK and Europe.

Manufactured from high modulus carbon and featuring a very powerful butt section the blank has a progressive through action that can control big fish with ease.

The Avon top is ideal for float fishing, rolling meat or static bait fishing. The Avon tip has been finished with a special luminous coating that will glow in the dark after it has been subject to a light source, such as a head lamp. The blank has been fitted with M-Series guides which are spaced to allow the blank to perform as a barbel rod should do, with a nice progressive through action.

Other features include an anti-frap tip guide, a screw down reel seat and a high-grade slim cork handle. For those that fish at night, the rod comes with two clip-on Isotope holders (small & large) which will accommodate 2.2mm or 3mm isotopes which fit to the rod tip with ease and house an Isotope night light.

SPECIFICATION

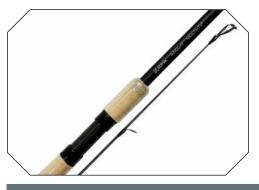

- > High modulus carbon blanks
- > Powerful butt sections with sensitive tip
- > Small and large clip on isotope holders
- > M-Series guides with anti-frap tip
- > Full slim cork handles
- > Screw winch reel seat

SONIK

SKS BLACK SERIES

The SKS Black shore rods bring the world of top end surf rods to a whole new accessible level. Featuring upgraded more powerful yet lighter blanks from its SKS shore rod predecessor that will suit every casting ability easily. Each rod is individually tailored to offer the perfect 'all round' action, which mean they are as effective on clean ground as they are in heavy terrain. Finished in new eye catching graphics with a white tip to improve bite detection. Each rod comes finished with a custom sliding reel seat to fit reel up or reel down casting styles.

SPECIFICATION

- Powerful carbon fibre blanks with smooth casting action
- K-style, braid friendly guides
- 3D ceramic high-protect frames
- Multiplier and fixed spool compatible ring pattern
- Custom SONIK 'Slide-Lock' reel seat for perfect placement
- Hi visibility rod tip
- Surface joint grip for easy rod dismantling (13' and 14' models)
- Supplied with quality bags

AS0006	SKS BLACK SPORT 14' (4.26M) 2PC MFS	5-7OZ

The Dominator XS shore rods are designed to excel for the serious shore angler who regularly targets a wide range of species from a variety of marks. Top build quality using only the highest standard of rings and fittings will ensure these rods provide many years of pleasure for the committed shore angler. Rung to suit both multiplier and fixed spool users, the lightweight yet powerful 24T carbon blanks will launch a baited rig to the required mark with ease.

SPECIFICATION

- > Powerful 24T slim and lightweight carbon blanks
- > Suitable for multiplier or fixed spool use
- > Seaguide K style guides
- > Reflective tip
- > Shrink wrap handle
- > Rubber butt cap
- > Supplied with a rod bag

GRAVITY X5 SHORE ROD

An extremely powerful 14' two piece shore rod that excels when fishing rough or heavy ground marks where the ability to lift strong fish from kelp infested rock marks is vital to success.

The Sonik Gravity X5 is surprisingly slim and light to hold, thanks to the very latest Nano-fibre carbon blank construction. Super fast recovery with a stiff powerful butt section for hitting extreme range when casting. Capable of extreme distance casting with minimum effort, this rod can also be used across a wide range of terrains from heavy rock marks to long range surf beaches. Suitable for multiplier or fixed spool, with sliding locking reel seat meaning it can be used for up or down the butt casting styles.

SPECIFICATION

- > Ultra-High modulus, low resin carbon construction
- > X5 multi-directional Nanofibre tip section lay-up
- > Fuji Alconite guides with sleek black finish and anti-wrap tip ring
- > Double leg 3D guide frames for increased support and ceramic protection
- > Grip paint above and below joint section
- > High quality Japanese shrink wrap handle
- > High impact rubberised end cap
- > Weight: 769G

GRAVITY X5 HT SHORE ROD

Introducing the new and improved version of the very popular Gravity Surf HT. It follows the design principles of the previous model offering the right balance of power, balance and weight for an easy casting 3 piece piece rod with enough power to cope with larger leads as well sitting well in heavier tides and swells.

The specially designed hollow tip (HT) not only sits very well in the tide but has a very fast recovery allowing the angler to produce huge distances with a simple over head cast.

We would recommend this rod for anglers wanting a true 'all round' three piece rod. It will cope with Smoothound and Rays without having to use a much heavier rod and sacrificing distance.

SPECIFICATION

- > Super lightweight high modulus carbon blank
- > X5 multi-directional nanofibre tip section lay-up
- > Fuji Alconite K Series guides
- > Fuji corrosion control frames provide seven-times more corrosion resistance
- > Fuji DPS reel fitting
- > Shrink wrap on the lower handle to improve grip whilst casting
- > White hollow carbon tip for easy bite detection in poor light conditions
- > Unground carbon finish at rod joints makes it easier to take apart after use
